

Innovative and sustainable

SEALPAC's unique EasyLid® packaging system, developed in close cooperation with Naber Plastics, provides a hermetic seal and full lid function in just one sealing process.

As such, SEALPAC not only creates the optimal requirements for consumer-friendly packaging, but also takes on responsibility in terms of sustainability.

Benefits:

- Reduction of packaging costs
- No loss of lids at retail
- Profiling of sustainable image
- Material savings due to combined lidding and sealing

LESS IS MORE

EasyLid®

SEALING AND LIDDING IN ONE SINGLE STEP

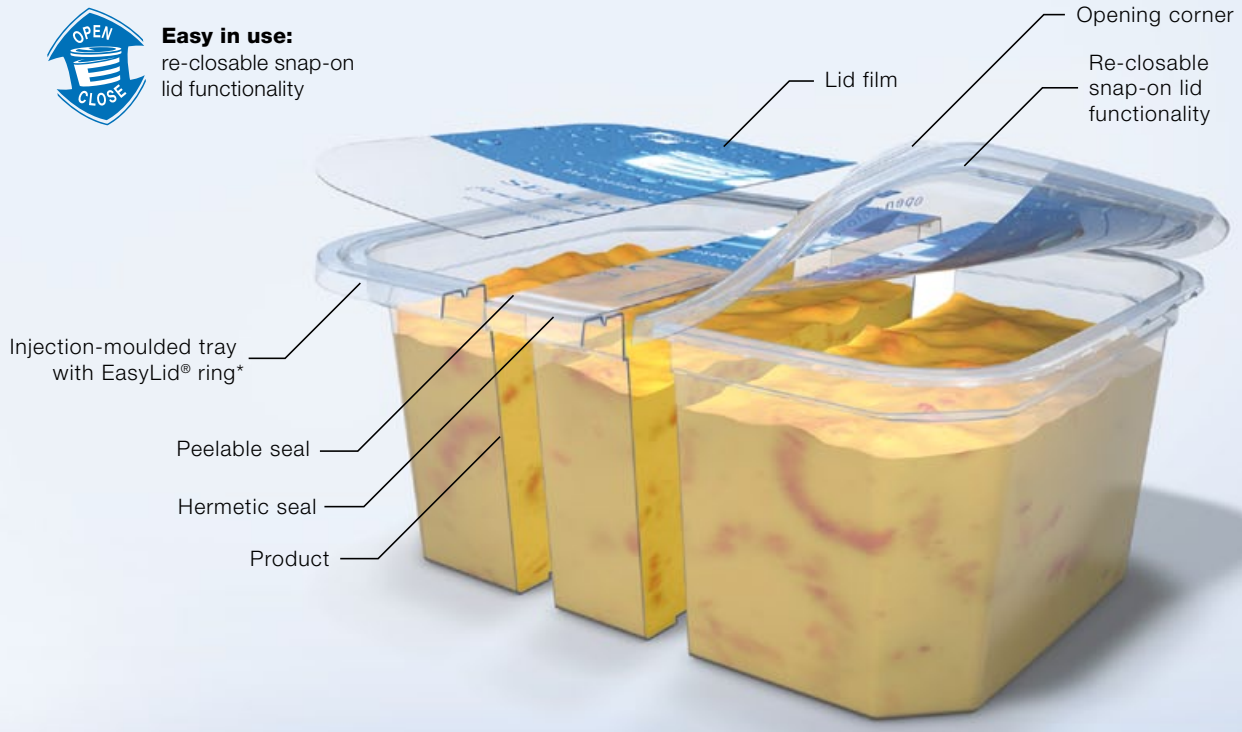

With EasyLid® SEALPAC sets new standards in packaging technology by achieving measurable time and material savings. The new sealing method combines lidding and tray-sealing in one single operation, hence demonstrating highest efficiency in the packaging process.

The revolutionary EasyLid® pack, which is suitable for both hot and cold filling, as well as for modified atmosphere packaging, brings opportunities to various market segments – from antipasti, meat spreads, delicacies, salads and snacks, up to confectionary and many other products.

Advantages at a glance:

- Highly reliable lid solution without separate snap-on lid
- Significant savings in packaging materials and weight
- Reduction in transport and storage costs
- No additional lidding process, so savings on personnel and/or lidding system
- True packaging innovation at retail with a clear sustainability message

Easy in use:
re-closable snap-on lid functionality

The EasyLid® solution runs on all of SEALPAC's fully automated A-series traysealers, with outputs up to 160 packs per minute (depending on application).

**EasyLid*®* is a joint development of Sealpac GmbH and Naber Plastics B.V. (www.naberplastics.com)

EasyLid® is a registered trademark of Sealpac GmbH. Printed 04/2014.

SEALPAC – your package to success.

As a high-precision manufacturer, we support our customers in reaching their targets. We work together to create cost-effective and guaranteed high-quality solutions. Our flexible and dedicated approach will guide you in exploring individual alternatives to help shape your future.
